INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Public Health Institute
Oakland, California

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Public Health Institute, which comprise the statements of financial position as of December 31, 2024 and 2023, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Public Health Institute as of December 31, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Public Health Institute and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Public Health Institute's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Public Health Institute's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Public Health Institute's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 12, 2025 on our consideration of the Public Health Institute's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Public Health Institute's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Public Health Institute's internal control over financial reporting and compliance.

PUBLIC HEALTH INSTITUTE
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2024 and 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND GENERAL INFORMATION

Organization: The Public Health Institute is a California nonprofit public benefit corporation organized and operated for charitable and scientific purposes under section 501(c)(3) of the Internal Revenue Code. The specific and primary purposes of the Public Health Institute and its subsidiaries (collectively, the Institute or PHI) are to improve the public's health in United States and globally through research, training and professional education, fiscal sponsorship and institutional support, consultation and technical assistance, information dissemination and policy analysis.

The Institute's mission is to generate and promote research, leadership and partnerships to build capacity for strong public health policy, programs, systems and practices. The Institute believes that health is a fundamental human right and just societies ensure equitable health outcomes for everyone. The Institute is guided by the following key principles:

- Accountability
- Leadership and creativity in individuals and institutions
- Cross-sector thinking
- Diverse partnerships throughout the world
- Innovation
- Data and evidence-based public health
- Focus on prevention

The Institute has adopted a strategic framework consisting of the following six overarching goals:

- Strengthen public health engagement and leadership
- Advance sustainable global health solutions
- Strengthen public health systems, services and research
- Advance policy to improve social determinants of health
- Diversify and strengthen funding base to ensure long-term impact
- Deliver operational excellence to the Institute's programs

Principles of Consolidation: The accompanying financial statements of the Institute include the accounts of the Public Health Institute and its controlled subsidiary, PHI India Private Limited, which is a private limited company organized under the laws of India. PHI India Private Limited is operated exclusively for the purpose of carrying out projects that advance PHI's charitable and scientific purposes in India. All intercompany balances and transactions have been eliminated in consolidation.

Basis of Presentation: The accompanying financial statements are presented on the accrual basis of accounting, and in accordance with generally accepted accounting principles in the United States of America (GAAP).

Cash and Cash Equivalents: The Institute considers all cash and other highly liquid investments with initial maturities of three months or less when purchased to be cash equivalents. This classification also includes money market accounts held by the Institute.

Bank deposit accounts are insured by the Federal Deposit Insurance Corporation ("FDIC") up to a limit of \$250,000. At times during the year, the Institute maintains cash balances in excess of the FDIC insurance limits. Management believes the risk in these situations to be minimal.

Investments: Investments are valued at fair value based upon quoted market prices, when available, or estimates of fair value, in the Statements of Financial Position and realized and unrealized gains and losses are recognized in the Statements of Activities and Changes in Net Assets in the year incurred.

(Continued)

PUBLIC HEALTH INSTITUTE
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2024 and 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND GENERAL INFORMATION
(Continued)

Furniture, Equipment and Computer Software: Furniture, equipment and computer software in excess of \$5,000 are capitalized and stated at cost if purchased, or at fair value if donated.

Furniture, equipment and computer software are depreciated/amortized on a straight-line basis over the estimated useful lives of the related assets, generally five to seven years. The cost of maintenance and repairs is recorded as expenses when incurred.

Compensated Absences: The Institute's current policy is to allow employees to accrue up to a maximum of 492 hours of paid time off. As of December 31, 2024 and 2023, the liability for accrued compensated absences aggregated \$10,239,519 and \$13,297,084, respectively, and is included in accrued salaries and related leave in the accompanying Statements of Financial Position.

Net Asset Classification: The net assets are reported in two self-balancing groups as follows:

- *Net assets without donor restrictions* – This classification includes revenue and contributions received which have no donor-imposed restrictions. These net assets are available for the operation of the Institute and include both internally designated (Note 5) and undesignated resources.
- *Net assets with donor restrictions* – This classification includes revenue and contributions which are subject to donor-imposed stipulations that will be met by the actions of the Institute, and/or the passage of time. When a restriction ceases, the restricted net assets are reclassified to “net assets without donor restrictions” and reported in the Statements of Activities and Changes in Net Assets, as net assets released from restrictions.

Grants and Contracts: Grants and contracts, which are generally considered non-exchange transactions, are recognized as net assets with donor restrictions when they are deemed to have a purpose or time restricted contribution. Conditional promises to give, with a barrier and right of return, are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Grants received in excess of qualifying direct and indirect expenses incurred are shown as net assets with donor restrictions in the accompanying financial statements. Contracts are recorded as revenue without donor restrictions when reimbursable costs have been incurred by the Institute. Contract funding received in advance of incurring the related expenses is recorded as a contract advance. Contract advances remain as a liability until such time as the qualifying direct or indirect expenses have been incurred.

The Institute receives funding under grants and contracts from the U.S. Government for direct and indirect program costs. This funding is subject to contractual conditions, which must be met through incurring qualifying expenses for particular programs. Accordingly, such grants are recorded as without donor restrictions income to the extent that related direct and indirect expenses are incurred in compliance with the criteria stipulated in the grant agreements.

Grants and contracts receivable represents amounts due from funding organizations for reimbursable expenses incurred in accordance with the related agreements. Grants and contracts receivable approximate fair value.

The allowance for doubtful accounts is determined based upon an annual review of account balances, including the age of the balance and the historical experience with the funder, as well as current conditions and reasonable and supportable forecasts about the future.

(Continued)

PUBLIC HEALTH INSTITUTE
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2024 and 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND GENERAL INFORMATION
(Continued)

Income Taxes: The Institute is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and from state income and franchise taxes under Section 23701d of the California Revenue and Taxation Code, except to the extent of unrelated business taxable income as defined under Internal Revenue Code Sections 511 through 515. A provision for income taxes has not been recorded in the accompanying financial statements. The Institute is not a private foundation.

Uncertain Tax Positions: For the years ended December 31, 2024 and 2023, the Institute has documented its consideration of guidance for reporting uncertainty in income taxes and has determined that no material uncertain tax positions qualify for either recognition or disclosure in the financial statements.

The Federal Form 990, Return of Organization Exempt from Income Tax, is subject to examination by the Internal Revenue Service, generally for three years after it is filed.

Tax positions taken related to the Institute's tax exempt status, unrelated business activities taxable income and deductibility of expenses and other miscellaneous tax positions have been reviewed, and management is of the opinion that material positions taken by the Institute would more likely than not be sustained by examination. Accordingly, the Institute has not recorded an income tax liability for uncertain tax benefits as of December 31, 2024 or 2023 nor does it expect there will be a material change in the twelve months following the year ended December 31, 2024. As of December 31, 2024, the Institute's tax years ended December 31, 2021 through December 31, 2024 remain subject to examination in the United States federal tax jurisdiction and the tax years ended December 31, 2020 through December 31, 2024, remain subject to examination in the California state tax jurisdiction.

Use of Estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Functional Allocation of Expenses: The costs of providing the various programs and other activities have been summarized on a functional basis in the Statements of Activities and Changes in Net Assets. Accordingly, certain costs have been allocated among program and supporting services benefited. Functional expenses are allocated based on hours incurred by the individuals assigned to the program and supporting services or by directly charging costs to a given function, where applicable. The Institute considers its services related to bettering the public health to encompass one program for purposes of functional expense allocation, except where programs have additional costs only attributable to their program, as is the case with Alcohol Research Group ("ARG").

PUBLIC HEALTH INSTITUTE
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2024 and 2023

NOTE 2 – CONCENTRATION OF REVENUE

Approximately 58% and 60% of the Institute's total support and revenue for the years ending December 31, 2024 and 2023, respectively, was derived from various agencies of the U.S. government. Approximately 18% and 15% of the Institute's total support and revenue for the years ended December 31, 2024 and 2023, respectively, was received under various awards from the National Cancer Institute. Any interruption of these relationships (i.e. failure to renew grant agreements or withholding of funds) would require review of ongoing operations.

NOTE 3 – INVESTMENTS AND FAIR VALUE MEASUREMENTS

Investments are carried at fair value; therefore, realized and unrealized gains and losses are reflected in the statements of activities and changes in net assets in the year incurred.

The Institute discloses investments recorded at fair value into the "fair value hierarchy," in accordance with GAAP. The categorization of a financial instrument within the fair value hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Institute's perceived risk of that instrument. The three levels for measuring fair value are based on the reliability of inputs and are as follows:

- Level 1** Quoted prices are available in active markets for identical investments as of the reporting date. Level 1 investments generally include publicly traded equity and fixed income securities.
- Level 2** Pricing inputs are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Pricing inputs are generally unobservable for the assets or liabilities and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require management's judgment or estimation of assumptions that market participants would use in pricing the assets or liabilities. The fair values are therefore determined using factors that involve judgment including private and comparable public companies, third party appraisals, discounted cash flow models, and fund manager estimates. There were no such investments held by the Institute as of December 31, 2024 and 2023.

Investments in equity securities and fixed income mutual funds are classified as Level 1 as they are traded on a public exchange. Investments recorded at cost include cash and money market funds. Investments recorded at cost are not required to be classified in one of the levels prescribed by the fair value hierarchy.

PUBLIC HEALTH INSTITUTE
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2024 and 2023

NOTE 3 – INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

At December 31, 2024 investments consisted of the following:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Equity securities	\$ 5,526,294	\$ 5,526,294	\$ -	\$ -
Fixed income securities	2,829,095	1,677,162	1,151,933	-
	<u>8,355,389</u>	<u>\$ 7,203,456</u>	<u>\$ 1,151,933</u>	<u>\$ -</u>
Investments, at cost:				
Cash and money market funds	<u>5,474,808</u>			
Total investments	<u><u>\$ 13,830,197</u></u>			

At December 31, 2023 investments consisted of the following:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Equity securities	\$ 5,169,061	\$ 5,169,061	\$ -	\$ -
Fixed income securities	2,466,404	1,483,305	983,099	-
	<u>7,635,465</u>	<u>\$ 6,652,366</u>	<u>\$ 983,099</u>	<u>\$ -</u>
Investments, at cost:				
Cash and money market funds	<u>5,175,373</u>			
Total investments	<u><u>\$ 12,810,838</u></u>			

Investment income consists of interest and dividend income, realized gains and losses, and unrealized gains and losses. Gains and losses on dispositions of investments, as included in the statements of activities and changes in net assets, are determined on the specific-identification basis. Unrealized gains and losses from fair value fluctuations on investments are included in the statements of activities and changes in net assets in the period such fluctuations occur. Investment and related fees include all external and direct internal investment expenses.

The following schedule summarizes the net investment return and its classification in the statements of activities and changes in net assets for December 31:

	<u>2024</u>	<u>2023</u>
Ordinary dividends	\$ 443,149	\$ 1,593,391
Interest income	43,404	37,427
Realized gain (loss) on investments	303,325	(71,459)
Unrealized gain on investments	<u>3,492,866</u>	<u>1,327,406</u>
Investment income, net	<u><u>\$ 4,282,744</u></u>	<u><u>\$ 2,886,765</u></u>

(Continued)

PUBLIC HEALTH INSTITUTE
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2024 and 2023

NOTE 4 – FURNITURE, EQUIPMENT AND COMPUTER SOFTWARE

Furniture, equipment and computer software consisted of the following at December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Furniture and equipment	\$ 4,247,983	\$ 4,047,499
Computer software	704,054	884,363
Total furniture, equipment and computer software	4,952,037	4,931,862
Less: Accumulated depreciation and amortization	(4,582,231)	(4,391,251)
Net furniture, equipment and computer software	\$ 369,806	\$ 540,611

Total depreciation and amortization expense for the years ended December 31, 2024 and 2023 was \$190,980 and \$361,229, respectively.

NOTE 5 – DESIGNATED NET ASSETS

Internally designated program funds totaled \$18,129,975 and \$18,322,450, as of December 31, 2024 and 2023, respectively, and were classified as designated net assets.

NOTE 6 – NET ASSETS WITH DONOR RESTRICTIONS

As of December 31, 2024 and 2023, net assets with donor restrictions consisted of funds set aside for specific programs, as stipulated by the following donors providing the restricted support:

	<u>2024</u>	<u>2023</u>
Rise Up	\$ 13,739,000	\$ 12,855,485
PHI Center for Health Leadership & Impact	2,061,367	3,780,236
Berkeley Media Studies Group	3,040,751	294,784
Center for Wellness and Nutrition	1,963,126	2,683,002
Oregon Public Health Institute	1,578,959	1,540,373
Public Health Alliance of Southern California	1,184,398	1,183,345
FACES for the Future Coalition	917,237	1,100,373
Child Health & Development Studies	781,065	1,085,438
Center for Collaborative Planning	1,993,997	146,129
State of Equity	445,039	1,081,453
Prevention Policy Group	361,396	932,223
AC Care Alliance, ACCA	617,676	912,734
Science for Toxic Exposure Prevention	173,500	904,451
Build Healthy Places Network	1,520,029	885,413
California Coalition for Black Birth Justice	1,313,590	707,271
Together Toward Health	581,998	635,027
Bridge Program	511,415	626,623
Regional Asthma Management & Prevention	380,615	504,486
Others	2,427,602	2,985,798
Total net assets with donor restrictions	\$ 35,592,760	\$ 34,844,644

(Continued)

PUBLIC HEALTH INSTITUTE
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2024 and 2023

NOTE 7 – LINE OF CREDIT

The Institute has a renewable revolving bank line of credit for \$6,000,000, with a current expiration date of January 30, 2026. Amounts borrowed under this agreement for 2024 and 2023 bear interest at 2.50% above the Daily Simple Secured Overnight Financing Rate (SOFR) for any balances outstanding. The line is secured by the cash and accounts receivable of the Institute. As of December 31, 2024 and 2023, there were no outstanding borrowings on the line of credit. In addition, no amounts were borrowed from the revolving bank line of credit during the years ended December 31, 2024 or 2023.

NOTE 8 – LEASE COMMITMENTS

Public Health Institute leases facilities to provide office space for various program services. Public Health Institute has determined these contracts contain a lease as described in Accounting Standards Update No. 2016-02 (ASU 2016-02), *Leases*. The leases have various terms that extend through March 2027. Several of the leases have options to extend, but those options are not recognized as part of Public Health Institute's right-of-use assets and lease liabilities. Public Health Institute determined the discount rate for these leases using their risk-free rate, which is based on the Daily Treasury Par Yield Curve Rates as provided by the U.S. Department of the Treasury. Discount rates used range from 0.40% to 2.47%. Public Health Institute recognized \$2,595,876 and \$2,689,732 in rent expense during the year ended December 31, 2024 and 2023, respectively, which included short-term leases of less than 12 months in duration.

Future minimum lease payments under operating leases with remaining terms in excess of one year as of December 31, 2024 are as follows:

Year Ending <u>December 31,</u>	
2025	\$ 1,887,877
2026	1,009,934
2027	<u>24,067</u>
	<u>2,921,878</u>
Less effect of discounting	<u>(154,053)</u>
Lease liability recognized	<u><u>\$ 2,767,825</u></u>

Other Information as of December 31:

	<u>2024</u>	<u>2023</u>
Weighted-average remaining lease term (years) - operating leases	1.48	2.18
Weighted-average discount rate - operating leases	2.10%	1.24%

Rent expense under all operating leases totaled \$2,482,481 and \$2,583,084, for the year ended December 31, 2024 and 2023, respectively.

(Continued)

**PUBLIC HEALTH INSTITUTE
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2024 and 2023**

NOTE 9 – TAX DEFERRED RETIREMENT PLAN

The Public Health Institute offers participation in a tax deferred retirement plan. All regular full-time and part-time employees who work a minimum of 20 hours per week are eligible to make salary deferral contributions to the Plan and are eligible to receive employer contributions beginning on the first day of the month following six consecutive months of employment. The Institute contributes 10% of gross wages to the retirement plan. An employee's minimum contribution is \$25 per month. The maximum combined contributions are determined by limits set under Federal law.

During the years ended December 31, 2024 and 2023, the Institute contributed \$8,406,149 and \$8,007,747, respectively, to the tax-sheltered annuity plan. The aforementioned contributions are fully vested and are administered by the Teachers Insurance and Annuity Association of America (TIAA).

NOTE 10 – CONTINGENCIES

The Institute receives assistance from various agencies of the United States Government; such awards are subject to audit under the provisions of Uniform Guidance. The ultimate determination of amounts received under United States Government awards is based upon the allowance of costs reported to and accepted by the United States Government. There exists a contingency to refund any amount received in excess of allowable costs. Management is of the opinion that no material contingent liability exists at December 31, 2024.

NOTE 11 – SUBSEQUENT EVENTS

In preparing these financial statements, the Institute has evaluated events and transactions for potential recognition or disclosure through August 12, 2025, the date the financial statements were available to be issued.

Subsequent to year end, the Institute was notified by Rise Up that it intends to transition to an independent 501(c)(3) status effective September 30, 2025. The Institute will continue to provide fiscal sponsorship and administrative services up to the transition date. For the year ended December 31, 2024, Rise Up represented approximately 2% of total Contract and Grant revenue. Due to the nature of the transaction, no adjustment was made to the accompanying financial statements.

(Continued)

PUBLIC HEALTH INSTITUTE
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2024 and 2023

NOTE 12 - LIQUIDITY AND AVAILABILITY

The Institute's financial assets available within one year of the statement of financial position date for general expenditure are as follows:

	<u>2024</u>	<u>2023</u>
Financial assets at year-end:		
Cash and cash equivalents	\$ 66,932,834	\$ 62,154,652
Investments	13,830,197	12,810,838
Grants and contracts receivable, net of allowance for doubtful accounts	<u>48,044,845</u>	<u>47,987,841</u>
	<u>128,807,876</u>	<u>122,953,331</u>
Less amounts not available for general expenditure within one year:		
Net assets with donor restrictions	(35,592,760)	(34,844,644)
Board-designated net assets	<u>(18,129,975)</u>	<u>(18,322,450)</u>
	<u>(53,722,735)</u>	<u>(53,167,094)</u>
	<u><u>\$ 75,085,141</u></u>	<u><u>\$ 69,786,237</u></u>

The Institute has a liquidity management policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. None of the financial assets above are subject to donor or other contractual restrictions which would make them unavailable for general expenditure, within one year of the balance sheet date. The Institute also maintains a line of credit for \$6,000,000 which can be drawn upon should a need for additional liquidity arise. See additional information in Note 7.

PUBLIC HEALTH INSTITUTE
NOTE TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
December 31, 2024

NOTE 1 - PURPOSE OF THE SCHEDULE

Basis of Presentation: The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") presents the expenditures of all federal awards of Public Health Institute for the year ended December 31, 2024 and is presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Public Health Institute, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Public Health Institute.

Expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Institute has not elected to use the 10-percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Public Health Institute
Oakland, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Public Health Institute, which comprise the statement of financial position as of December 31, 2024, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated August 12, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Public Health Institute's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Public Health Institute's internal control. Accordingly, we do not express an opinion on the effectiveness of Public Health Institute's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Public Health Institute's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

(Continued)

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL
PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

To the Board of Directors
Public Health Institute
Oakland, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Public Health Institute's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of Public Health Institute's major federal programs for the year ended December 31, 2024. Public Health Institute's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Public Health Institute complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Public Health Institute and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Public Health Institute's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Public Health Institute's federal programs.

(Continued)

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Public Health Institute's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Public Health Institute's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Public Health Institute's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Public Health Institute's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Public Health Institute's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

(Continued)

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
